

03rd March, 2020

Invitation to Join Efficycle Alumni Committee

A. Introduction to Efficycle Alumni Committee:

Efficycle Alumni committee is a select group of individuals who have all lived the same experience of being part of SAE events at their college level.

The purpose of the committee is to foster a spirit of collaboration and to promote the general welfare of an Efficycle network. Alumni committee exist to support the Efficycle event as whole while strengthening the ties between alumni, the committee, and the students participating every year.

B. Why you should join Efficycle Alumni Committee?

A good alumni network benefits both the participating teams/students as well as an alumni. As when one looks back to their college days participating in various SAE events, they reminisce about the wonderful friends they made, memories and experience they had. This committee would bring that nostalgia back. Alumni network would also help in enhancing your career, as one well said, when dealing with real people, nothing can replace personal contact.'

Apart from these, it is more of providing the guidance to the teams to help them navigate through the different phases of the project from your own personal experiences of participating in various past SAE events.

Efficycle Technical Committee invites the applications from all efficycle Alumni, who have been the part of Efficycle or other SAE CDS (Collegiate Design Series) events.

C. Roles & Responsibilities:

Alumni will be given following responsibilities after the selection:

1. Alumni members will be assigned to 3-4 teams as their '**Team Mentors**'. They will have to follow-up with participating teams at regional level to monitor the team's preparation throughout the season.
2. Monitoring of teams' progress, project plan, vehicle manufacturing, testing, validation, shipment etc.
3. Reporting to Technical Committee on regular basis regarding teams' progress.
4. On-site visit of colleges as required by Technical Committee time to time.
5. Assistance to Industry officials during College Level Technical Assessment prior to vehicle shipping for main event.
6. Providing assistance to teams in terms of event guidelines, protocols, event-site details etc.

7. Support to Organizing Committee in different activities throughout the season and also during main event (travel expenses etc. to be borne by individuals).
8. Apart from above, alumni members can also support in creative work and taking new initiatives for event based upon their interest.

D. Eligibility Criteria:

1. One must have participated in **at least once in Efficycle till main event of competition.**
2. Must have completed graduation successfully at the time of submitting the application.

E. Selection Procedure:

1. The alumni fulfilling the eligibility criteria as specified in Section-'D' above, must fill the application form through link given at the end of the document with true and complete information.
2. The **deadline for submitting application is 31st March, 2020 by 05:00pm.**
3. Based upon the profile of applicant, a pre-selection shall be done. Shortlisted candidate will be called for a telephonic or online interview.
4. The final selection shall be done based upon their profile, technical knowledge, requirement of alumni in different regions of country etc.

F. Key Selection Criteria:

1. Willingness to travel in local regions and nearby cities.
2. Alumni with industry experience will be preferred.
3. Technical Knowledge of vehicle design, CAD/CAE, project planning, manufacturing & testing etc.
4. In-depth knowledge of Efficycle rulebook and event protocols.
